ARTIST BIO

Kilgore will put you in your place with just her eyes: she will solve your problems over breakfast. Give her anything she asks for: she'll save your life, eventually. She'll prove that the only way to be an artist is to live it: to take note of the tiny things that count. Somehow she'll turn almost nothing into a feast and a masterpiece and the rest of your life. Trust this: Kilgore is healing things, in full color.
